3.9.4 Load Workdata Tables

Step 4: Load Workplace Framework (WORK) Tables

The **fourth** and **final step** in the Workdata installation process is to load the data into the Workdata tables by running the following command:

Select the command line that is appropriate for your environment.

Linux Run Command
ant -f data_build.xml db_workdata_load_data

Windows Run Command
%ANT_HOME%\bin\ant.bat -f data_build.xml db_workdata_load_data
