6.5.2.3 Delete User Parameters

Steps to Delete a User Parameter

The following steps outline the process of deleting a user parameter in the i2b2 Administration Module.

Assumption: The following steps assume you are already logged into the i2b2 Administration Module. If you do not know how to login please see the chapter titled *i2b2 Administration Module Install*.

1. In the Navigation panel, expand **Manage Users** to display a list of users.

2. Expand the **name of the user** that has the parameter you want to delete.

3. Expand the **Params** option that displays under the user's name.

4. A list of parameters entered for that user will display under their name in the Navigation panel.

5. In the Navigation panel, click on the **name of the parameter** you want to delete.

6. The *Edit Parameter* page will display on the right.

7. Click on **Delete** to remove the parameter.

8. The parameter will be removed from the list of parameters on the *Parameters List* page.

9. In the Navigation panel click on **Params** to refresh the hierarchical tree and verify the parameter no longer appears in the list.
