6.6.2.2 Edit Project Parameters

Steps to Edit a Project Parameter

The following steps outline the process of editing a project parameter in the i2b2 Administration Module.

Assumption: The following steps assume you are already logged into the i2b2 Administration Module. If you do not know how to login please see the chapter titled *i2b2 Administration Module Install*.

1. In the Navigation panel, expand **Manage Projects** to display a list of projects.

2. Expand the **name of the project** that has the parameter you want to edit.

3. Expand the **Params** option that displays under the project's name.

4. A list of parameters entered for that project will display under its name.

5. In the Navigation panel, click on the **name of the parameter** you want to edit.

6. The *Project Parameters* page will open displaying the current information entered for the parameter.

7. Make the changes to the parameter and click on **Save** to save the changes.
