# Overview

9.9 Next Steps · https://i2b2.org/docs/9-9-next-steps/

## Steps completed in this chapter

The following steps were completed during this chapter on installing the Ontology Cell.

**Install Ontology Management (ONT) Cell Chapter**

Stopped WildFly services

Configured the build properties

Configured the application directory properties

Configured the Ontology properties

Set the Metadata Schema Name *(location of hivedata tables)*

Set the PM cell properties

Set the FR cell properties

Set the CRC cell properties

Set the metadata delimiter property

Deployed edu.harvard.i2b2.ontology

Started WildFly services

Verified installation

Verified Ontology Web Services are running

Able to log into the i2b2 Web Client and Workbench

# Next Steps

Provided there are no issues with the installation of the Ontology cell, your ***next step*** is to proceed with installing the remaining cells. The remaining cells do not need to be installed in any particular order. The next chapter will guide you through the installation of the Data Repository (CRC) Cell.
